

Dear friends of MonFilmFest,

One-time or periodic donations have become the most crucial aspect of the budget for Imagina, Cultural Association, the organizer of MonFilmFest. Our festival has garnered interest primarily from audiences not necessarily involved in the industry, but rather from those who love cinema, those who are still capable of being amazed. Additionally, we have a highly diverse range of participants that continues to grow through word of mouth. However, to fulfill all our ambitions, we need your support. What we are asking for here goes beyond time-limited crowdfunding campaigns because, from the day after the 21st MonFilmFest awards ceremony, we begin working on the next edition.

We know we can rely on the passion and commitment of our community of free and independent cinema enthusiasts. We invite you to actively participate both as donors and as our advocates, sharing our cause with your friends and family. Together, we can ensure that the ongoing, monthly expenses faced by MonFilmFest, which are currently a source of great effort, are covered and do not jeopardize the next edition. May the tradition continue, and may MonFilmFest remain an extraordinary and unique success, serving as a launchpad for emerging talents in the world of cinema, as it has been until now.

Thank you for your support and for always standing by our side along this challenging journey. We are grateful for the affection and appreciation you have shown towards MonFilmFest. We look forward to sharing this experience of free and independent cinema with you.
